

Robotics Maintenance Technician

Full job description

RedZone Robotics, Inc. is a world leader in mobile robotic equipment design, development, manufacturing, and related services for cleaning, inspecting, and rehabilitating pipes and tanks. RedZone was founded in 1987 as a spin-off from Carnegie Mellon University to meet the market demand for real-world field robotic systems. Over the past 20 years, RedZone has used its real-world experience to create innovative and relevant robotic systems. Currently, RedZone is on the cutting edge of technology application to the potable water and wastewater industries.

If you are interested in a friendly, cooperative, and exciting corporate environment where you will be continually challenged and opportunities abound, RedZone Robotics is the place for you! Learn more about us at www.redzone.com.

The Robotics Maintenance Technician maintains systems and equipment by completing preventive maintenance schedules; restoring, repairing, rebuilding, or replacing faulty or inoperative components and parts.

Responsibilities:

- Acts as a role model for RedZone Robotics visions, values, and culture.
- Ensures operation of mechanical equipment by completing preventative maintenance requirements on robotic systems; following diagrams, sketches, operating manuals, manufacturer's instructions & engineering specifications; troubleshooting malfunctions.
- Locates sources of problems by observing mechanical devices in operation, and listening for problems.
- Removes defective parts by dismantling devices, using hoists, cranes, and hand power tools.
- Fabricates repair parts by using machine shop instrumentation & equipment.
- Maintains safe/clean work environment by keeping shelves, pallet area, and workstations neat; maintaining clean shipping supply area; complying with procedures, rules, & regulations.
- Perform other duties as assigned.

Education and Qualifications:

- High School Diploma required.
- Bachelor's Degree in Engineering, Statistics, Economics or related field, preferred
- Minimum 2 years of experience working in a mechanical maintenance position.

EQUAL EMPLOYMENT OPPORTUNITY

It is the policy of RedZone Robotics, Inc. to provide equal employment and advancement opportunities to all individuals and to administer its personnel practices based on merit,

qualifications, and abilities. RedZone will maintain an environment free of discrimination or harassment on the basis of actual or perceived race, color, national origin, religion, sex, sexual and reproductive health decision-making, age, actual or perceived physical or mental disability, genetic information, marital status, sexual orientation, gender (including gender identity or expression and/or the status of being transgender), military or veteran status, citizenship status, status as a victim of domestic violence, stalking, or sex offense, caregiver status, arrest or conviction record, credit history, unemployment status, or any other unlawful criterion or circumstance. RedZone prohibits and will not tolerate any such discrimination or harassment, or retaliation in response to good faith reports or the provision of information about such discrimination or harassment.
